We are pleased to announce the launch of our newly redesigned website, which will go live on November 9, 2026 at www.sccp.com.ph.

As part of our commitment to enhancing the experience of our clearing members and the investing public, we have redesigned our website with a cleaner layout, a modern look and feel, and improved navigation, making it easier to access information, services, and resources.

What's New

- **Modernized Design**: A refreshed interface designed to improve readability and provide a more user-friendly experience.
- **Streamlined Navigation**: Faster and more intuitive access to SCCP's services, forms, memos, rules and regulations and other resources.
- **Improved Access to Online Systems:** SCCP's online systems are now more prominently accessible through multiple entry points on the website, including the header menu, homepage banners, and dedicated online systems section, providing users with quicker and more convenient access.
- **Enhanced Mobile Compatibility**: Improved functionality and viewing experience across desktop, tablet, and mobile devices.

We are also pleased to announce the official name of SCCP's clearing and settlement system: **SClear.** Previously referred to as **C&S (Clearing and Settlement)**, the system will now be identified as **SClear** throughout the website and in future SCCP communications.
